As a former office manager I began teaching myself how to code to challenge myself more and realized that I really enjoyed it. Hobby turned into habit and I decided to take on the challenge of a 16-week immersive coding bootcamp, which I have just graduated from. I am now a full stack developer excited to work within an agile environment.

Skills

React/Redux, React Native, Node.js, Express, JavaScript, jQuery, Python, MySQL, AWS, Git, Unit Testing, HTML/CSS

Education

DigitalCrafts

Atlanta, GA

Immersive Coding Bootcamp

November 2017- Present

- 16 Week intensive, full-time accelerated learning program
- Made multiple games using Python to get familiar with object oriented programming and created many small applications using JavaScript to get familiar with Express, Node.js and React/Redux
- Set up an AWS server

The University of Mississippi

Oxford, MS

Bachelor of Science in Exercise Science

2012- 2016

Projects

TrackR

- A React Native running app based off of City Runner that tracks the distance, time and calories and the user's run
- Included an express server in order to save user's information and run information in a MySQL database
- React, React-Native, Redux, Express, MySQL, Google Maps API
- Scrum Master
- <https://github.com/caseyezimmerman/TrackR>

City Runner

WebApp for runners

- Used Google Maps API to return running paths with directions based on user's current location and desired distance
- Used MySQL in order to save data such as name, e-mail and password as well as the current location and distance of previous routes that the user has run
- Front-end project built with: HTML, Bootstrap/CSS, JavaScript/jQuery, JSON/AJAX
- Back-end project built with: MySQL, Express, Node.js
- <https://github.com/caseyezimmerman/cityRunner>

E-commerce

- An e-commerce site made with React and Redux in order to get familiar with Redux and passing application state throughout a web page
- React, Redux, Express, MySQL, Materialize
- <https://github.com/caseyezimmerman/eCommerce-site>

Professional Experience

Zimmerman & Associates

Marietta, GA

Office Manager

August 2016-September 2017

- Managed schedules, organized office functions, and oversaw daily operations of office
- Developed efficiency-enhancing workflow/process improvements that made it possible to accommodate increasing responsibilities
- Served as go-to person regarding any administrative and operational related functions
